Feb 29

Only once in four Years!

Fancy, only just about a month and "The Day" will be here, girls! The dear old "29th" that makes this year *our* year, what?

Still, let's give the boys their due. They've most of them come up to scratch quite well, considering. Why some of 'em have only been "demobbed" a month or so and already they have "popped the question."

But, there, *aren't* we irresistible!

And the use of that word brings to mind that Light Car which I've talked about so often—the FRICTION DRIVEN

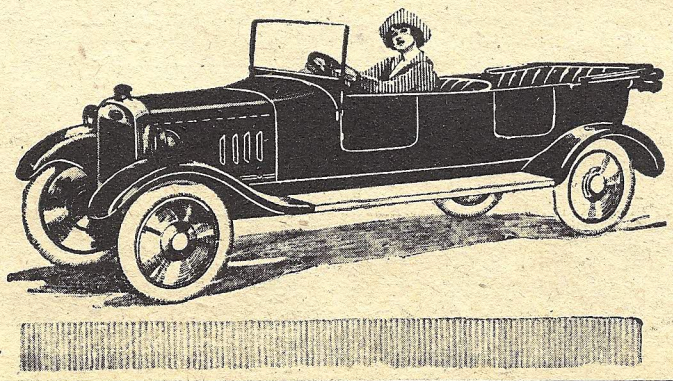

G.W.K. LIMITED CORDWALLES WORKS, MAIDENHEAD

No mistake it's irresistible to anyone who's been accustomed to the complicated mechanism of normal Light Car practice. And to anyone who hasn't it's even more attractive. It's just the simplest, the easiest, and—well, yes, the *cheapest* car that you can run. And as for climbing up the hills, it's just a little beauty.

If you don't already know about its features, "get wise in time, Oh! Phyllis, mine,"—or—this year, may I say Oh! Philbert, mine.

G.W.K. (1919) LTD.

Cordwalles Works, MAIDENHEAD.
